Advance-Nilfisk Parts - Think about how tiresome it will really be to clean up your own house right after throwing a large party, with no help from cleaning equipment. Before, the time carpets and upholstery had the dirt beat out of them manually; brushes, brooms and cleaning cloths were the best cleaning supplies back then.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After establishing his company during 1906, he started to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the start was to own an international business marketing goods worldwide.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by one person. This invention came in a time where various cleaning machines were huge and required 4 or more operators, hence, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an existing crisis; things get filthy and have to be cleaned frequently, without a lot of effort.

Gradually but progressively, Nilfisk-Advance developed all through the years. In the nineteen eighties, this expansion really took place the time the business became a part of the NKT Group. Their new owners' determination and focus made Nilfisk-Advance take a huge leap ahead within the industry, aiming to be one of the leading international players in the market of professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the world due to gradually obtaining lots of smaller companies to be able to expand their product range and presence in new markets. They are proud to offer a variety of cleaning solutions to fit each requirement.
