

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each international trade. Transporting industrial goods takes place each and every day on our busy world. Initially innovated as industrial vehicles during the 1930s in the United States, lift trucks gained recognition after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread internationally.

In nineteen forty nine, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply known as TCM Corporation. Over the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM started building lift truck manufacturing locations outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over 50 years of accumulated technology and expertise, TCM has been proudly making numerous models of industrial lift trucks, making their models known all over the world. With a strong and energetic staff, TCM has been able to continually work towards becoming a future leading material handling company.
