

Rockwell Part

Rockwell Part - AxleTech International is a premier dealer in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its clients' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for service, technology, delivery and quality. They believe in working within an environment which encourages the utmost integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The company has put different programs in place to be able to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever questions or comments, because they are glad to share and promote this policy with a greater knowledge of their efforts. They are extremely dedicated to improving and preserving the natural environment. AxleTech has an EHS program which not just protects the natural world but which even actively protects their workers and neighbors also.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles for both commercial and military applications. These applications range from airport ground support to construction equipment. AxleTech specifically designs axles in order to meet specific application demands. They have more than one thousand different axle specs within their existing offering. With more than one hundred years of history and knowledge, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The company is well known in many commercial and military applications. They offer complete axle assemblies for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details which can be seen in the "ISAS" product selection.
